

## LINDSAY H. GILL

CFE

### Position and Experience

Lindsay H. Gill is a forensic analyst with Forensic/Strategic Solutions, PC, formerly Summerford Accountancy, PC. Ms. Gill specializes in the areas of forensic accounting, fraud examination and litigation support. She works closely with both plaintiff and defense attorneys; corporate boards and governmental agencies.

Ms. Gill's broad range of expertise includes the prevention and detection of a wide range of fraud, waste and abuse. She has extensive experience with the latest electronic data analysis technology. Ms. Gill has conducted forensic examinations for governmental agencies, and publicly held and closely held businesses.

Prior to joining the firm, Ms. Gill was an internal auditor at a major health care conglomerate. Her audit duties included evaluation of the adequacy, effectiveness and compliance with the system of internal controls, recommendations to management for the correction of internal control deficiencies, improvement of operations, and reductions in cost.
